### DETAILS OF AWARD

United States Contentions Granted n A most Every Case. (By Associated Press.)

(By Associated Press.)

WASHINGTON, D. C., Oct. 20.—Secretary Hay to-day received a cable-gram from John W. Foster, of the American counsel before the Alaskan Boundary Commission, giving the details of the award of that commission. The cablegram shows that the contentions of the United States have been granted in almost every case. It also stated that the Canadian Commissioners refused to sign the award. Mr. Foster did not undertake to supply Secretary Hay with the text of the agreed ment reached by the commission, but furment reached by the commission, but fur nished a succinct outline of its provisions telling what had been decided upon under each head of the articles of submission. The diversions from the American claims, The diversions from the American claim, as set out in the Hay-Paunceforte modus vivendi, are even more favorable to the American case than the limitations set out in that document. One of the most important acquisitions is the confirmation of the American title to the White Pass and Chilkoo Pass, the only practical available entrances to the Klondike country from the head of the hinand waterway, in the former of which stands the Canadian custom house, which must now give way to American control.

The attitude of the Canadian Commissioners in refusing to sign the commissioners in refusing to sign the commis-

sioners in refusing to sign the commis-sion's report is scarely a matter of sur-prise to the department officials, for to the department officials, for realized that in the present heated of mind of the Canadians a com-oner's lot would be unpleasant if inde any sort of concession to the distance.

United States.
What Mr. Foster has to say as to that portion of the decision touching the Portland Canal, goes to diminish the importance of even that slight Canadian victory, for he confirms the London repor to the effect that free navigation of to the effect that free navigation of that waterway on the western side with full control of the western shore is retained by the United States, while the loss of Pearce and Wales Islands from the extreme American claim is partially met by confirmation to the title of two other islands at the mouth of the canal which from a military point of view, dominate the proposed terminus of the Port Simpson Railroad, and the adjacent British

### CAPTAIN ECKLES IS RECOVERING SLOWLY

Captain R. S. Eckles, the well known Norfolk and Western Rallway conductor, who was so badly injured in the collision on that road just east of Petersburg April 7th, has noet yet fully recovered from his injuries, though he is again able to be out. It will be a month or more yet before he will able to resume his run.

Captain Eckles had both arms broken at the wrists, his collar-bone fractured and several ribs broken. All the injuries have healed except the wrists, which are still swollen, weak and tender, so that he can hardly shake hands with friends. He is gradually, but very slowly, recovering the strength of the long helpless and useless wrists, but cannot yet dress himself nor feed himself without difficulty.

BOSTON, MASS., Oct 20.—Terry McGovern, former featherweight champion, of the world, was given the decision over Jimmy Briggs of Chelsea to-night, after a hard fifteen-round battle, before the Criterion Athletic Club. For ten rounds, the ex-champion seemed to have lost his old-time cunning, and even a favorable decision for him seemed doubtful. Toward the end, however, superior ring generalship told the story, and he had the Chelsea boy completely at his mercy. During the last four rounds McGovern administered terrific punishment, but he was unable to land a decisive blow and as the final bell found both men on their leet a decision was given on points.

The South Portland struck bow on going at a speed of about seven knots. Immediately she began to settle astern, and in a minute or two sild off the reef and began to sink. Captain McIntyre, seeing that there was no hope of saving the ship, speedliy had the boats lowered. One of the boats that got away from the ship's side loaded with part of the crew and some of the passengers was capsized as soon as it cleared the ship's side, and when last seen was floating away in the fog without a living soul aboard. The captain's boat, with about clighteen aboard, succeeded in clearing, but was also capsized, and only seven were able to get back to the boat. The survivors suffered much from exposure and Captain McIntyre is confined to his bed.

Reference to Tillman Case.

Rev. James W. Morris, the associate rector of Grace Episcopal Church, made incidental reference in his eloquent sermon Sunday morning to the acquittal of Lieutenant-Governor Tillman, charged with the murder of Editor Gonzales, by a South Carolina jury.

While the rector did not mention the case specifically, it was easy to see to what he alluded and apparently he voiced the opinion of every one present. He was speaking of "Solomon's Cho'ce," or "Solomon's Trial," as he preferred to call it, and incidentally of pure manhood, which cannot be defied. The six hundred members of the Dowle choir will join the house visitation force, increasing its number to 1,440. Deacon Speicher said the work was greater than anticipated.

Mrs. Dowle's family still lives. They do not expect to return to the United States until next July. until next July.

CARRIE NATION THERE.

Mr. Dowle, arrayed in evening clothes, talked for two hours to-night before a great throng in Madison Square Garden, the burden of his talk being denunciation of the clergy and the press.

Carrie Nation, who occupied a seat near the front, asked "Elijah" to answer the constitution of the country some questions. He refused, and ordered her to sit down. Dowle then praised the spirit in which Mrs. Nation had warred on the saloon, but said she used wrong methods. Mrs. Nation again de-manded the privilege of asking ques-tions.

At once the Zion guards surrounded her, and, with the help of several police-men, ejected her. The meeting was one of continuous disorder.

men, ejected her.

The meeting was one of continuous disorder.

AN OPEN LETTER.

The Rev. Dr. Charles H. Parkhurst to-day sent an open letter to Mr. Dowle, as follows:

"I do not want to be presumptive in me to come and try to clarify you than it is for you to come and try to clarify New York; and I do not know which of us has taken the heavier contract. I attended your service at Madison Square Garden last evening, and I went determined to enjoy it if I could, and to be benefited by it, and to go away and refute some of the charges that I had heard alleged against you. But it was of no use; your behavior on the platform crushed every throb of sympathy I had with you. I never heard from a public speaker such a discharge of effervescent wrath and coarse invective. I went to hear you preached Dowle, Zion City 'stink-pot.' I was ashamed of you, and almost ashamed to be in your audience. It was a long way below the Standard even of the clicuses that I have attended in the same garden. The only consolation I could derive was that 't was so abominable and so far beyond the bounds of the respectable that even those in your congregation, who did not know what Christianity is would have no idea that it had anything to do with what you were saying. Of course, the ridiculousness of the performance was only enhanced by the immensity of your pretensions. If you claimed to be only an ordinary man there might be some hope for you, even with what you call the 'rabble,' but the rabble is discriminating and can discriminate as keenly as the Keenest between a prophet and a juggler; between an Elijah and a mountebank. I say this in no spirit of anger, but either your head is twisted or your beart infected, or you have blundered hadly in your mothod. You cannot bully people into Zionism, nor blackguard them into the kingdom of heaven. I hope you will take this in the kindly spirit in which it is offered, and that it will be blessed to you.
